Vol.5 December, 2009

Greetings!
I appreciate your constant support. Thanks to your donations, we have been able to provide about 2,540,000 meals in total. I would like to send you the children's voices of pleasure.
(Masa Kogure, TFT International, President & CEO)

Donation total (as of November 30, 2010)

2,547,525 meals

approximately 11,600 children can have school meals for one year.

Letter from Malawi 2009 Vol.2 Children's voices

Two years have passed since the school meal program started. How are their studies going? Are they making friends? These are the interviews about a child's daily life in Malawi.

"I love school meal!"
Brandina George
(2nd grade)

I'm ten years old. Although I'm helping my house farm now, my dream is to become a nurse. We are having Bara (porridge) today, which is my favorite.

From the left:

Memory Lyton (2nd grade): I like language, English and math. I had Bara for breakfast, but the Bara we have at school tastes better than it at home.

Samuel Pokero (5th grade): Though I love soccer, I want to be a driver. I'm good at English and math. Bara, the school meal, is my favorite!

Victor Chawanda (1st grade): I love school and the school meal. I hope to become a teacher in the future.

Lucias Godplay (2nd grade): I didn't have breakfast. I really like all subjects and I also want to be a teacher.

Soccer is their favorite game, along with Tag and Chinese jump rope called "Jingo." They are worldwide amusements, aren't they?

【Linjizdi Junior Primary School】

At the meal room. Children pushing and shoving while waiting is a common scene in any country.

From the left:

Elena Paulo (3rd grade): My favorite subject is language. My future goal is to be a secretary. School meal is always delicious.

Fousein Lameki (3rd grade): I do quite well at English, and I like soccer. In the future, I want to be a truck driver. At home, I help farming.

Moris Kapiola (3rd grade): I'm fond of Bara which we have at school. Today, I didn't have breakfast. School? I love it!

"School meal is great. I look forward to it every day."

Alefa Benito (3rd grade)

English is what I'm studying hard for right now. When I become an adult, I want to work as a nurse. Even though I had tea and bread this morning, I look forward to lunch every day.

From the left:

Martin Zonde (1st grade): I like Bara as much as I like school. I'll be a carpenter when I get older!

Patricia James (1st grade): My dream is to be a teacher. I don't have anything in the morning and I love school meal. Usually I'm busy cleaning home and taking care of my brothers and sisters.

【Dindhi Junior Primary School】

From the left:
Mangalita Musa (2nd grade): My dream is to teach at a high school. I'd love to have school lunch every day.

Sunganani Joseph (2nd grade): I love school meal so much that I feel lonely when we don't have school.

"Having enough food makes me study more."
George Buwanafash
(4th grade)

I love school meal because I can study more when I'm full. To tell the truth, I want another bowl of it. My future dream is to become a police officer. Now, I'm working hard with both studying and helping the farm at home.

These bright smiles that shared with us their favorite subjects or future jobs are connected with the TFT lunches. It is reported that children's health, school attendance percentage and promotion rate have improved in every school. Now, we are supplying school meals to five schools, 2500 children in total in Malawi.

What is TABLE FOR TWO?

TABLE FOR TWO aims to create a win-win situation for participants by preventing metabolic diseases in the process of choosing healthy meals, while concurrently providing food for children in developing countries.

To what places does Table for Two currently provide aid?

Currently, Uganda, Rwanda, Malawi are the 3 countries to which we provide support. We are planning several projects for expansion.
